INFORMATION DISCLOSURE STATEMENT

Respectfully submitted herewith are copies of 7 references disclosed and discussed on pages 2-3 of the specification. Also enclosed are 2 additional other references namely US 4,740,142 corresponding respectively to DE 3528651 and GB 207953 corresponding to DE 3726800. Both of these additional corresponding references are in English.

Enclosed please also find an International Search Report (3 pages in English PCT/ISA/210) by the EPO (European Patent Office) as the international searching authority from the present international application listing 6 references and their relevant portions. Copies of all 6 references are submitted herewith. The Patent abstract of Japan is in English.

In the International Search Reports the references listed in category A mean that these documents define the general state of the art which is not considered to be of particular relevance.

In the International Search Report the references listed in category X means each document is of particular relevance; the claimed invention cannot be considered novel or can not be considered to involve an inventive step when the document is

taken alone with respect to the listed claim. The International Search Report is in English so no further explanation is required.

Three PTO-1449 forms are presented listing all 15 references (including the 7 reference disclosed and discussed in the specification and 2 additional corresponding references and the 6 references listed in the International Search Reports).

A total of 15 references are being submitted herewith.

Translations of the foreign language references are not available to the undersigned.

This submission meets the requirements of 37 CFR 1.56, 1.97 and 1.98(a) and MPEP 609.

Respectfully submitted
Dieter VOIGT
